We are pleased to announce that our collaborative effort among the local Fire Departments with CERT has resulted in a new emergency preparedness website, www.readymarin.org, that is now up and running.

This website is aimed at all of Marin County. Since many of the visitors to the new site will be residents, we have provided plenty of information on basic emergency preparedness.

Community Emergency Response Team (CERT) Training

[CERT](#) provides 18-hours of instruction and hands-on training in:

- Fire safety and suppression
- Disaster medical operation
- Light search and rescue
- Disaster psychology
- Team organization
- Disaster preparedness
- Terrorism awareness
- Wildfire preparedness
- Winter weather preparedness

Learn how to be better prepared and assist your family and others in your neighborhood or workplace in an emergency or following a disaster. CERT classes are offered every month at locations throughout Marin County. For more information or to register for a class, please call (415) 485-3409 or visit www.readymarin.org.

GET READY Training

[GET READY](#) is a 2-hour emergency preparedness class offered at no cost to all households and business in the City of San Rafael and throughout Marin County. For more information call (415) 458-5002 or visit the website at <http://readymarin.org/get-ready/> to download materials.

Disaster Preparedness Information

The City of San Rafael offers disaster preparedness information. Please call (415) 458-5002 or visit the [OES homepage](#):

Telephone Emergency Notification System (TENS)

Stay informed with what is going on in San Rafael by signing up for [TENS](#) to receive emergency alerts sent by call, text or email from San Rafael and the Marin County. TENS delivers incident-specific information or potentially life-saving instructions to the precise geographic area(s) affected. To sign up or for more information visit www.alertmarin.org

Sandbags and Sand

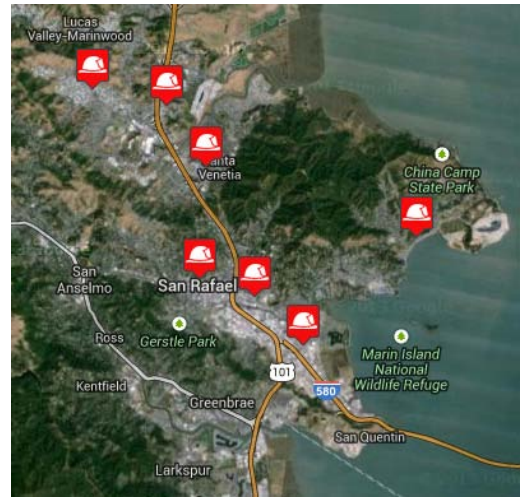

The City of San Rafael provides sandbags and sand for the residents at the City's fire stations. Directions to the fire stations can be found online at [SRFD - Stations](#). Residents are generally responsible for filling their own sandbags. Residents may also use soil from around their homes in place of sand. [Winter Weather Prep](#).
